FREE SPARRING

Each match will be 2 minutes long, unless one contestant scores 5 points difference.
If a tie exists at the end of 2 minutes sudden death overtime will be used.
The first contestant to score a point wins the match.

Scoring points

Points can be scored with controlled and **safe** contact.

Judges will enforce safe contact to prevent any injury.

Legal areas of attack (with hand or feet) are the chest, stomach and the head.

No contact is allowed in the face in junior division up to and including 14 years.
Only the side and front area of the mask are allowed to hit.

All techniques are 1 point except the followings:

- Spinning kicks to body or head 2 points
- Any jumping kick (jump has to be above the belt) 2 points
- A block and immediate counter attack 2 points

At least two referees must agree to reward points.

Warnings

- Kicking or punching to illegal areas.
- Excessive contact.
- Having both feet out of the field (to avoid fighting)
- Blind techniques, sweeps and holding.

Minus 1 point will be given upon receiving the third warning.

Disqualification

Judges can decide to disqualify a contestant when competitor causes:

- bleeding or redness on the face as a result of uncontrolled contact.
- malicious contact.
- flagrant display of improper TANG SOO DO attitude.

FORMS

There are 3 (or more) judges. The head judge is selected in the center and controls the ring. This includes the start of the form and the calling for the display of points. The contestant will come to the edge of the ring, bow and move in to the ring to his place.

Upon competition of the form the score keeper will call "SCORE" at which time all judges will display their score. The score keeper will announce each score, so that there is no misreading when writing down the scores. The score keeper will write down all 3 (or more) scores.

Score System: 5 points (lowest score) to 10 points (highest score) with half points given by raising one's fist next to the scoreboard.

First, second and third place will be chosen based on the totals.

If a tie should occur for 3 competitors (or more), they will execute their forms again to break the tie with a new score.

If a tie should occur for 2 contestants, they will execute their form again. In this case the judges will point out the better performance.
